

HYDRUS 2.0

Third-Party Software Notice

www.diehl.com/metering

This document is applicable to firmware version 2.x.x

☞ **Note to resellers:** Please pass this document to your customers in order to avoid license infringements.

Page intentionally left blank.

Preamble

This product, solution or service ("Product") contains third-party software components as set forth in this document. These components are "Open Source Software" (OSS) components and/or freeware or proprietary software. OSS means any software that is substantially in accordance with the definition given by the Open Source Initiative (www.opensource.org/osd) or similar definitions as determined by DIEHL Metering ("DM").

OSS components are governed by terms and conditions ("OSS License") which were imposed by their corresponding authors and contributors. By using this Product, you acknowledge that you have carefully read those OSS Licenses, and you agree to comply with all applicable terms and conditions that derive from these licenses. DM is not responsible and will not be held responsible in any manner if you do not comply with the terms and conditions of such OSS Licenses. For clarification, DM does not limit your rights under, or grant you rights that supersede the license terms of applicable OSS Licenses.

Certain OSS Licenses, for instance the GNU General Public License, the GNU Lesser General Public License, and the Mozilla Public License, entitle you to receive a copy of the corresponding source code of the related OSS component. If such licenses are applicable to this Product, and if the Product is not shipped with the corresponding source code, DM offers you the source code on a machine-readable medium (e.g. CD-ROM, DVD, or any other suitable medium that qualifies for electronic data transfer) for at least three (3) years from the purchase date of the Product. DM may charge you a fee for the physical act of transferring the copy to you, as allowed under GPL.

If you would like to obtain the corresponding source code of certain OSS components, please issue an email to

oss-dmde@diehl.com

or write a letter to

DIEHL Metering GmbH
Industriestr. 13
91522 Ansbach
GERMANY

with subject "Open Source Software". Please specify the Product name and version if applicable, and provide your contact details as well as the shipment address along with your request.

Note that OSS components are usually provided by their corresponding authors "AS IS", where any express or implied warranties, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose is disclaimed by respective authors of such software.

DIEHL Metering's warranty obligations regarding the Product are set forth in your agreement(s) with DM. However, DM does not provide any warranty or technical support, if OSS components related to this Product are modified or used in any manner that is not specified by DM.

Acknowledgements

- This product includes software developed by the University of California, Berkeley and its contributors.
