INNOVATIVE REEL-TO-REEL PLATING FOR ELECTRIFICATION

OUR KNOW-HOW AND SERVICE FOR YOUR REQUIREMENTS

Customers from the **automotive, electrical and electronics** industrie are already benefit from our wide range of **electroplating options**.

Constantly advancing technologization implies new challenges for reel to reel electroplating, which we, as a **reliable partner**, master every day.

Accordingly, to continue offering you **customized solutions** at the highest level of technology in the future, too, we will be **expanding** our process in Q4/2023 by including a new reel to **reel plating line** - specially designed for the **electroplating** of non-stamped strip material for the field of **electrification**.

PERFORMANCE PORTFOLIO OF THE NEW REEL-TO-REEL PLATING LINE

Plating with:

Nickel
Tin

*From 2024, we will also be able to replace tin with silver plating.
Please feel free to contact us about this!*
