

Diehl Metering

Press release, 2021.04.15

Reiner Edel succeeds Thomas Gastner as CFO of Diehl Metering

After 8 years as CFO of Diehl Metering, Thomas Gastner is taking up a new challenge within the Diehl Group. He will be succeeded by Reiner Edel, who has a wealth of professional experience in finance.

On May 1st, 2021, Thomas Gastner will move to a new role as head of the Transition Office for the Diehl Group. We would like to thank him for his many years of service, and wish him every success as he devotes his talents to creating new efficiencies and synergies within the Group.

We are pleased to welcome Reiner Edel as our new CFO. A business administration graduate, he has spent his career in a wide range of finance positions within and beyond the Diehl Group. He was Commercial Director of Diehl Aviation and Head of Finance at the now defunct Diehl Aircabin GmbH. In March 2020, he moved to the Radar Division of Hensoldt Sensors as Head of Finance & Controlling. We are delighted to welcome him back to the Diehl Group as CFO of Diehl Metering.

About Diehl Metering

Diehl Metering is a worldwide leader in the design, manufacture and supply of smart metering solutions. With over 150 years of experience, we empower utilities, municipalities and industries to take control of their infrastructures, bringing new efficiencies to the way they manage water and energy.

Our extensive range of services and solutions includes data-driven insights, IoT connectivity, fully-flexible software, and seamless intelligent metering. We also utilise artificial intelligence to boost performance and deliver cost savings for our customers.

Headquartered in Germany, we are a family-owned business with an international reach. We are proud to maintain our founding principles of quality, reliability and customer proximity while proactively shaping a better future for our customers and the communities they serve. Our approach is to think global and act local. By anticipating trends and remaining agile, we adapt and develop our strategy with our customers and for them.

In supporting their long-term growth, we also contribute to the sustainability of the planet, crafting innovations that enable our customers to make ever better use of the natural resources we all rely on.
