

"It is important to me that I can co-operate creatively with **great people on innovative topics**. That's why I am with Diehl."

# MAKE IT FAIR WORK

## Engineer Verification & Validation (m/f/d)

### These are your tasks:

- You create test plans and test procedures
- You carry out tests and document the test results
- The coordination and monitoring of external test houses are also part of your responsibilities
- You will be responsible for work package management for small and medium-sized projects
- Our test portfolio includes environmental tests, electrical tests and EMV-tests

### Who we are looking for:

- You have a degree in engineering or a comparable qualification
- You have work experience in the area mentioned
- Your strengths are your strong communication skills, your methodical approach and your assertiveness

**Work location:** Frankfurt am Main, Nuremberg, Rostock, Überlingen (next to Lake Constance)

**Job Level:** Professional

**Working mode:** Hybrid working

**Working time:** Full time

**Employment contract:** permanent

**Division:** Diehl Aviation

**Start:** as soon as possible

As the team works together across locations, the place of work can be either in Frankfurt am Main, Nuremberg, Rostock or Überlingen (next to Lake Constance). Applications from severely disabled employees (m/f/d) will be given preferential treatment if they are equally suitable. Should you wish to do so, please indicate this in your application on a voluntary basis.

### These are your potential benefits

Professional and personal development

Flexible working hours

Family-owned company

Canteen

Employee discounts
