"It's important to me to work for a company where I can **really make a difference**. That's why I am with Diehl."

MAKE IT WORK
HAPPEN

SAP Developer with SD/MM Expertise (m/f/d)

These are your tasks:

- Develop and implement SAP enhancements using Badis, User-Exits, Reports, Sapscript

- Collaborate with functional teams to understand business requirements and translate them into technical specifications

- Provide technical support and troubleshooting for SAP-related issues

- Creating and updating technical documentation

- Maintain and support existing developments (programs, exits, forms, etc.), including analysis and problem resolution.

Who we are looking for:

- Proven experience in SAP ABAP programming, including Badis, User-Exits, Reports as well as Sapscript

- Strong understanding of SAP SD and MM modules

- Excellent problem-solving skills and attention to detail

- Ability to work independently

- Self-motivation so that you take responsibility for your work and see projects through to completion

- Good English communication skills, both written and spoken
