

"I want to make a **difference in the world**.
Due to my engineering skills,
I can pursue this goal at Diehl."

MAKE IT WORK BETTER

SAP Basis Administrator (m/w/d)

These are your tasks:

- Support our SAP systems (both on-premise and in the cloud) and serve as the contact for users on technical issues.
- Perform 2nd level support activities for SAP Basis.
- Assist with customer projects, including system installations and upgrades.
- Monitor, analyze, and optimize SAP systems.
- Create and maintain documentation for the above-mentioned tasks and issues.

Who we are looking for:

- Successfully completed an apprenticeship as an IT specialist or a university degree in computer science, with initial professional experience in a similar role.
- Proficient in operating SAP systems (AS ABAP, AS Java) and databases (Oracle, Hana, MaxDB), as well as in managing Windows and Linux operating systems.
- Ideally, possess advanced knowledge of SAP Cloud systems such as BTP, IAS/IPS, CALM, and the SAP Cloud Connector.
- Strong written and spoken English skills.
- Excellent communication abilities, and a team-oriented mindset.
