Working Student (f/m/d) – UI Library Designer (UX/UI)

These are your tasks:

We're looking for a talented and motivated Working Student to support our UX team in building and refining a comprehensive UI library to enhance the user experience across our products.

- **Build and Enhance:** Develop and refine UI components (atoms, molecules, and templates) to expand our design system.
- **Collaborate:** Work closely with the UX designers and cross-functional teams to ensure consistency and usability.
- **Figma Expertise:** Use Figma to create responsive components and layouts for multiple screen sizes.
- **Quality Assurance:** Test and document components to meet accessibility and design standards.
- **Contribute:** Support the team in organizing and maintaining the design library for seamless collaboration.

Who we are looking for:

- **Education:** Currently enrolled in User interface- or User experience design or a comparable field.
- **Skills:** Proficiency in Figma and familiarity with design systems, knowledge of UX/UI principles, including responsive design and basic understanding of accessibility standards.
- **Language Skills:** Fluent in English (required); German is a plus.
- **Soft Skills:** Attention to detail, creative, excellent communication, and self-organized.
- **Bonus Points:** Experience with web or app design projects.
