

"There are **new challenges** that I can tackle everyday to continually improve things."

# MAKE IT WORK

---

## Solution Architect (m/f/d)

---

### These are your tasks:

- **Smart City:** You will be responsible for technical customer consulting with focus on smart city application and IoT network infrastructure
- **Proof of Concept (PoC):** You will drive and manage complex solution architect projects / prototypes (PoC) to promote Diehl Metering as a solution provider, in line with Diehl Metering strategy
- **Software:** You will clarify the feasibility of proposed solution concepts in conjunction with Product Management and Solution Design and act as an interface especially regarding requirement engineering for new software interfaces.
- **From complex to easy:** You should be able to comprehend and transparently explain software related use cases and related interfaces towards existing and potential customers (internal and external).
- **Customer focus:** You will be presenting solution concepts towards customer in close cooperation with the sales department, including customer acquisition as well as support in the preparation of quotations and their execution.

### Who we are looking for:

- You have a university degree (e.g. engineering and information technology, computer science, information systems and management or a comparable education).
- You have several years of working experience in a technical related environment.
- You are equipped with good knowledge of data streams from sensor to end customer billing.
- Fluently spoken and written German and English is mandatory, other foreign languages would be an advantage (e.g. French, Swedish, Danish, etc.).
- MS Office skills, enthusiasm for working in an international environment and willingness to travel completes your profile.

**Work location:** Ansbach

**Job Level:** Professional

**Working mode:** Mobile working

**Working time:** Full time

**Employment contract:** permanent

**Division:** Diehl Metering

**Start:** 01.01.2026

Note: Applicants (m/f/d) with a severe disability will be given preferential treatment if they are equally qualified. If you wish, please indicate your SB status in your application on a voluntary basis.
