

"The whole company is set up in a way for people to **work together really well**. I'm not someone who wants to sit alone in an office."

MAKE IT WORK

LIVEABLE

Global OpEx Manager (m/w/d)

These are your tasks:

- Leading key Lean initiatives as well as cross-plant and strategic improvement projects
- Ensuring effective implementation of improvement initiatives, in line with business objectives (cost, OEE, quality, etc.)
- Coordinating the content of the improvement roadmap globally—challenging approaches, proposing improvements, and supporting prioritization in collaboration with management
- Conducting and organizing Lean training programs while proactively identifying development needs across multiple locations

Who we are looking for:

- Bachelor's degree in Management and Production Engineering or a related field
- Proficiency in English
- Hands-on experience in: implementing Lean / Continuous Improvement / Operational Excellence initiatives, leading end-to-end transformation projects, working in an international environment.
- Strong analytical and problem-solving skills with the ability to work independently and collaboratively
- Willingness to travel internationally

NICE TO HAVE:

- Proven track record of delivering measurable results in: cost reduction, process efficiency improvements, building and promoting a culture of continuous improvement
