

"It's important to me to work for a company where I can **really make a difference**. That's why I am with Diehl."

MAKE IT WORK

Product Manager

These are your tasks:

- Define and drive the product vision, strategy, and roadmap aligned with customer needs and business goals.
- Gather, analyze, and prioritize customer, market, and business requirements using research, and data insights.
- Partner with Development, Sales, Marketing, and other teams in the US and Europe to develop, launch, and enhance products.
- Manage the full product lifecycle, including requirements, user stories, feature prioritization, launch, and continuous improvement.
- Monitor product performance, conduct competitive analysis, and identify opportunities for innovation and process optimization.

Who we are looking for:

- Bachelor's degree in Business, Marketing, Computer Science, Engineering, or a related field.
- 5+ years of product management or related experience, in the water and/or utility industry
- Strong analytical, problem-solving, and data-driven decision-making skills.
- Excellent communication, presentation, and stakeholder management abilities.
- Proven ability to balance customer needs with business objectives while leading cross-functional collaboration.

Work location: Lisle, IL

Job Level: Professional

Working mode: Hybrid working

Working time: Full time

Employment contract: permanent

Division: Diehl Metering
